RESILIENCE OF THE AGRICULTURAL SECTOR DURING COVID-19 PANDEMIC

Sandip Das

India achieved record food grain production along with record procurement of food grain from the farmers amidst challenges posed by COVID-19. India’s agricultural products exports rose sharply during 2020-21. While most of the sectors of the economy were adversely impacted by COVID-19, agriculture and allied sectors witnessed growth in 2020-21 indicating resilience of the sector.

The COVID-19 pandemic, since the beginning of 2020, has adversely impacted lives across the globe. India has been experiencing the adverse impact of COVID-19 spread on the livelihood of millions of people since the nationwide lockdown was announced in March 2020. The lockdown, which lasted for months, resulted in disruption of transportation as well as other logistics in the agricultural sector. Keeping in mind the critical nature of the agricultural value chain, the government had allowed most of the agricultural operations outside the preview of lockdowns by putting it under essential services.

Notwithstanding challenges posed by COVID-19 pandemic, India’s agricultural and food sector demonstrated resilience and most of the agricultural commodities were produced and supplied across the country without any reports of supply disruptions. During the lockdown, essential supplies like cereals, pulses, oilseeds, milk, eggs, poultry products besides fruits and vegetables were largely uninterrupted because of the robust food supply chain in the country.

Agricultural sector witnessed growth in 2020-21. While major sectors of the economy were adversely impacted by lockdown and depressed consumer sentiments, the agriculture and allied sectors were bright spots amidst a decline in performance of other sectors. The National Statistical Office under the Ministry of Statistics and Programme Implementation in its Provisional Estimates released on May 31, 2021, pegged the growth of the farm sector (agriculture, forestry & fishing) at 3.9% in 2020-21. The Economic Survey 2020-21 tabled earlier this year had noted that agriculture had emerged as the bright spot, while contact-based services, manufacturing and construction were hit the hardest by the COVID-19 pandemic.

“Rural demand has remained resilient, empowered by the government’s thrust on the rural economy and infrastructure in previous years, through a bouquet of programmes,” an official of Ministry of Agriculture and Farmers Welfare said.

CAREER OPPORTUNITIES IN REGIONAL RURAL BANKS

Arif S

Organizations announce their vacancies as per their needs. However, in our country few recruitment examinations are held on yearly basis. These include Civil Services examination for specified vacancies in Central Government and examination for recruitment in officers and clerical cadre in public sector banks and for similar positions in Regional Rural Banks. The Civil Services examination is conducted by Union Public Service Commission whereas the banking examination is conducted by the Institute of Banking Personnel Selection.

Since independence banking has come a long way in our country. In the government banking sector two events have been game changers. One was nationalization of 14 and 6 private sector banks in 1969 and 1980 respectively and the other was the establishment of Regional Rural Banks network in 1975. Although nationalization of banks resulted in massive bank branch expansion, it was felt that our rural population was not adequately served by banks and that more bank branches were required in rural hinterland considering 70% of our population resided in the villages. The famous Narsinhmaram Committee recommended another tier of banks in rural areas. The Government of India came out with an ordinance on September 29, 1975 and Regional Rural Banks Act was passed in the year 1976. The first RRB was established in Moradabad, Uttar Pradesh. Like mergers between nationalized banks, consolidation took place between RRBs and after restructuring and consolidation, presently there are more than 40 RRBs spread over the country. In the financial year ending March, 2020 the total deposit of RRBs stood at Rs. 478.547 crore, advances at Rs. 2,98,919 crore and profit was Rs. 2,263 crore.

As the term suggests, RRBs operate in designated areas with regional presence. These banks are owned by Central Government, state government in which the bank operates and the sponsoring bank with a shareholding of 50%, 15% and 35% in that order. Each RRB is sponsored by a public sector bank. For example, Dakshin Bharat Gramin Bank is sponsored by Punjab National Bank and Rajasthan Maruthi Gramin Bank is sponsored by State Bank of India.

Since their inception RRBs have played significant role in financial inclusion and strengthening the rural economy. To meet the manpower requirements of this huge network of banks an integrated selection process is conducted. Clerical level positions in RRBs have the name of office assistant (multipurpose). Officers vacancies exist in various scales and are filled in through internal promotion.

RESILIENCE OF THE AGRICULTURAL SECTOR DURING COVID-19 PANDEMIC

Reforms for both farm and non-farm sectors, the Economic Survey (2020-21) has stated. Even the monsoon rains were more than the "normal" level during June-September 2020 period and the rainfall was adequate during the post-monsoon period (October-December). It led to the filling of reservoirs and recharging of groundwater tables and aquifers. The Government took a policy decision to keep agriculture related activities outside the purview of lockdowns and inherent resilience and coping ability of rural economies resulted in the growth of farm sector during COVID-19 pandemic-2020-21 (April-March). The farm sector was largely insulated as sales of fertilizers rose to 677 lakh tonnes in 2020-21 from 817 tonnes reported in the 2019-20 financial year.

Record sowing & output of foodgrains

In terms of sowing of crops, the crop acreage (both Kharif and Rabi) in 2020-21 was higher at 1,798 lakh hectares compared to 1,719 lakh hectare reported in 2019-20. The factors including normal monsoon rains, lockdown exemptions, pro-active role of the Government to procure rice, wheat, cotton, oilseeds and pulses and higher price realizations by the farmers resulted in record sales of tractors (9 lakh units) in 2020-21.

In the year 2020-21 (as per third advance estimates), total foodgrain production in the country is estimated at record 308.44 million tonnes, which is close to 8 million tonnes more than the production of food grain of 297.5 million tonnes reported during 2019-20.

Spice in grain, pulses, oilseeds procurement

Notwithstanding challenges posed by COVID-19, there was a significant jump in procurement of foodgrain and other agricultural commodities by Government agencies such as Food Corporation of India (FCI) and farmer cooperative NAFED, thus ensuring remunerative prices to farmers.

The procurement of wheat in the ongoing Rabi Market Season (RMS) - 2021-22 is continuing smoothly in the key producing states and a record 42.67 million tonnes (MT) of wheat has already been purchased from the farmers under Minimum Support Price (MSP) operations. In the previous year, FCI and other state agencies had purchased 38.99 million tonnes (MT) of wheat from the farmers. According to Department of Food and Public Distribution data as on June 15, 2021, around 48.20 lakh farmers, mostly in Punjab, Haryana, Madhya Pradesh, Rajasthan and Uttar Pradesh, have been benefited from the ongoing RMS procurement operations with MSP value of Rs. 84,682 crore directly transferred to their bank accounts.

In case of paddy, procurement in the Kharif season - 2020-21 reached an all-time high level, surpassing the previous high of 77.34 Mt in KMS 2018-20. About 123.44 lakh farmers have already benefited from the KMS procurement operations with MSP value of Rs. 1,56,661 crores transferred to their bank accounts.

The main purpose of procurement from the farmers by FCI and State Government agencies is to ensure supplies of rice and wheat under the National Food Security Act (NFS), where around 61 crore beneficiaries receive 5 kg of rice or wheat per head per month at highly subsidised rate of Rs. 3 (rice) and Rs. 2 (wheat) per kg respectively. The economic cost (Minimum Support Price, transportation, storage and other expenses) for FCI for procurement of rice and wheat is Rs. 39.99 per kg and Rs. 27.39 per kg respectively. The gap between the rate at which beneficiary get grains under NFS and actual cost of acquisition is reflected in the food subsidy budget of the Central Government. Around 80 million tonnes (MT) annually are allocated to States for distribution through the Public Distribution System under NFS.

In a bid to deal with the economic hardships faced by millions of people due to COVID-19, the government has also made special provisions of 5 kg of additional grain per head per month along with NFS entitlements under Pradhan Mantri Garib Kalyan Anna Yojana during April-November (2020) and April-November (2021). Based on recommendation of the State Governments, the National Agricultural Cooperative Marketing Federation of India (NAFED) and other agencies, on behalf of the Government, carries out procurement of pulses and oilseeds under MSP operations (Price Support Scheme) across key growing states. NAFED procured 10.75 MT of pulses and oilseeds of Kharif Marketing Season (2020-21), Rabi Marketing Season (2021) and summer season (2021) from farmers in Tamil Nadu, Karnataka, Maharashtra, Telangana, Gujarat, Haryana, Madhya Pradesh, Uttar Pradesh, Odisha, Rajasthan and Andhra Pradesh.

The Government through social agencies has procured 8.46 lakh tonnes of moong, urad, tur, gram, masoor, groundnut, sunflower seed, mustard seed and soyabean having MSP value of Rs. 4,406 crore benefiting more than 5.03 lakh farmers in Tamil Nadu, Karnataka, Andhra Pradesh, Madhya Pradesh, Maharashtra, Gujarat, Uttar Pradesh, Telangana, Haryana and Rajasthan under Kharif 2020-21 and Rabi 2021.

Besides, the Government has approved procurement of 1.74 lakh metric tonnes of copra from Andhra Pradesh, Karnataka, Tamil Nadu and Kerala. Till June 15, 2021, more than 5,089 tonnes of copra with MSP value of Rs. 52.40 crore has been procured from 3,661 farmers in Karnataka and Tamil Nadu during the crops season 2020-21.

Spice in agricultural products exports

While the COVID-19 pandemic created logistical challenges for movement of goods across the globe, India’s exports of agricultural and allied sector products witnessed a significant jump in 2020-21 compared to previous fiscal. During 2020-21, the export of agricultural and allied products (including marine and plantation products) rose to USD 41.25 billion, indicating an increase of more than 17% compared to previous fiscal. In terms of Rupees realization, the agricultural goods exports increased by 22.62% to Rs. 3.05 lakh crore in 2020-21 as compared to Rs. 2.49 lakh crore reported during 2019-20.

India’s agricultural and allied products imports during 2019-20 were USD 20.64 billion, and the corresponding figures for 2020-21 are USD 20.67 billion. Despite COVID-19 pandemic, India’s balance of trade in agriculture has improved by 42.16% from USD 14.51 billion to USD 20.56 billion.

Substantial growth has been witnessed in the export of cereals. The export of non-basmati rice grew by 156.04% to USD 4,764.54 million in 2020-21 compared to the previous fiscal. The wheat exports rose by 77.17% to USD 549.16 million and other cereals (millet, maize and other coarse grains) by 238.28% to USD 694.14 million in 2020-21.

Other agricultural products, which registered spike in exports in 2020-21, were oil meals (USD 1,575.34 million, growth of 90.28%), sugar (USD 2,789.97 million, growth 41.88%), raw cotton (USD 1,997.20 million, growth 79.43%), fresh vegetables (USD 721.47 million, growth 10.71%) and vegetable oils (USD 802.77 million, growth 254.39%) etc. The biggest market for India’s agriculture products were the United States, China, Bangladesh, the UAE, Vietnam, Saudi Arabia, Indonesia, Nepal, Iran and Malaysia.

Overall, India’s agricultural and allied sectors, on which more than half of the country’s population depend for their livelihood, showed strength and resilience during COVID-19 pandemic and continue to provide food security to citizens of people besides contributing a substantial portion of the produce. SELECTION PROCEDURE/SCHEDULE AND SYLLABUS OF THE EXAMINATION

STAGE WISE RECRUITMENT PROGRAMME:

Eligible candidates can apply for Stage I i.e. PST/PET which will be conducted at designated recruitment centers.

The selection process shall be as under:

SL No. Stage Recruitment Process
01 Stage-I Physical Standard Test/Physical Efficiency Test
02 Stage-II Written Examination
03 Stage-III Document Verification
04 Stage-IV Medical Examination
05 Stage-V Interview

STAGE-I

i. Physical Standard Test (PST): After identification, candidate will be screened for physical standard i.e. height, chest and weight measurements. The candidates who do not fulfill laid down physical standard will be eliminated from further recruitment process giving rejection slip.

Candidatess disqualified in physical standards, i.e. height and chest may appear in written examination. Candidates will learn about their position in the merit list on the basis of competitive marks obtained by them under the Presiding Officer present on the PST ground addressing to the Appellate Authority. The decision of the Appellate Authority will be final and no further appeal or representation in this regard will be entertained.

Note: During PST process following documents will be screened:

a. Caste/Certificate certificate where applicable.

b. Education Certificate

c. Age/Date of Birth

d. Discharge Certificate in case of Ex-Servicemen.

e. NOC in case of persons serving in Govt departments from their Head of Office.

f. Income & Assets certificate for EWS candidate.

ii. Physical Efficiency Test (PET): The candidates who qualify in PST will be allowed to appear in following Physical Efficiency Tests (PET).

SL No. Events Male Female

(1) 100 Meters Race In 16 Seconds In 18 Seconds

(2) 800 Meters Race In 4 Minutes 45 Seconds In 5 Minutes 45 Seconds

(3) Long Jump 6 Meters (3 chances) 5 Meters (3 chances)

(4) Shot Put (7.26 Kgs) 4.5 Meters (3 chances) Not applicable

b. All events of PET will be qualifying in nature. Candidates are required to qualify at all events of PET independently. Failing in any event shall be a disqualification.

Candidate failing to qualify at the stage of PET shall be eliminated.

Special Note: All candidates against PET events by candidate who fails in any event organized in this regard.

NOTE: A woman candidate, who as a result of test is found to be pregnant of 12 weeks standing or over, shall be declared temporarily unfit and her appointment held in abeyance until the completion of her pregnancy. She may appear in the next set of PET only when her candidate was selected should be kept reserved for her. She should be reexamined for Physical Efficiency Test (PET) six weeks after the date of confinement, subject to a medical certificate of fitness from a registered medical practitioner. If she is found fit she may be appointed to the post kept reserved for and allow the benefit of seniority in accordance with the instructions of the government. As amended from time to time.

STAGE-II

PST/PET: Candidates will be issued admit card for written exam.

The written examination will be as under:

The written examination will consist of Two papers carrying 500 marks each.

Paper-I (Multiple choice question-OMR based) Duration-2 Hours Total- 300 Marks (2 mark for each question). Distribution of marks as follows:

| Sl. No. | Subject | No. of questions Marks Time |
|--------|---------|-----------------------------|-----------------|
| 1. | General Awareness (Bilingual) | 15 | 30 |
| 2. | Reasoning (Bilingual) | 10 | 20 |
| 3. | Numerical Ability (Bilingual) | 10 | 20 |
| 4. | General English | 15 | 30 |
| 5. | General Knowledge | 10 | 20 |

Note:- There will be negative (Negligible Marking 1/3rd) for wrong answers marked in the candidate in the objective type question papers.

Paper-II (Civil Engineering) Duration-3 Hours Total- 300 Marks (Objective Type Paper).

Standard and Syllabus:
The standard of the paper in General Studies and Engineering Aptitude (Paper-I) will be such as may be expected of an Engineering/Science Graduate. The standard of papers in other subjects will be proportionately that of an Engineering Degree Examination of an Indian University. There will be no practical examination in any of the subjects.

General Studies and Engineering Aptitude, Paper-I, Objective Type:

1. Current issues of national and international importance relating to social, economic and industrial development
2. Engineering Aptitude covering Logical reasoning and Analytical ability
3. Engineering Mathematics and Numerical Analysis
4. General Principles of Design, Drawing, Importance of Safety
5. Standards and Quality practices in production, construction, maintenance and services
7. Basics of Material Science and Engineering
8. Information and Communication Technologies (ICT) basic tools and their applications in Engineering such as networking, e-governance and technology based education
9. Ethics and values in engineering profession

Note:- The paper in General Studies and Engineering Aptitude will include Knowledge of recent events, occurrence of the day, current issues, scientific knowledge and basic engineering knowledge, without special study. Questions from all the 10 topics mentioned above shall be set. Marks for each Topic may range from 5% to 15% of the total Marks in the paper.

Civil Engineering: Paper-II (Objective Type)

Contents for syllabi for both the Papers together for Paper-I (Objective Type) and Paper-II (Conventional/Subjective Type) separately for each other.

(a) Building Materials - (Timber, Brick, Cement, Mortar, Concrete) - Stone, Lime, Glass, Plastics, Steel, FPR, Ceramics, Aluminium, Fly Ash, Basic Admixtures, Timber, Bricks and Aggregates: Classification, properties and selection criteria; Cement; Types, Composition, Properties, Uses, Specifications and Various Types. Building stones: Gneiss, Granite, Sandstone, Limestone, Travertine, Mortars and Concrete: Properties and various Tests; Design of Concrete Mixes: Proportioning of aggregates and methods of mix design

(b) Solid Mechanics - Elastic constants, Stress, Plane stress, Strains, plane strain, Mohr's circle, stress-strain-strain relationship, Elastic theories of failure, Principal stresses, Shearing, Torsion and Shear

(c) Structural Analysis - Basics of strength of materials, Types of stress and strains: Bending moments and shear forces, concepts of bending and shear stresses; Analysis of determinate and indeterminate structures: Trusses, beams, plane frames; Rolling loads, Influence Lines, Unit load method & other methods; Free and Forced vibrations of single degree and multi degree freedom systems; Stabiliy of Structures: Columns and use of Column Load Design

(d) Design of steel structures - Principles of Working Stress methods, Design of tension and compression members, Design of beams and beam columns, Bending moments, shear, deflections, stress in loaded members, loads on built-up sections, Girders, Structural ratio, principles of ultimate load design

(e) Design of Concrete and Masonry structures - Limit state design for bending, shear, axial compression and combined forces: Design of beams, Slabs, Linktens, Foundations and Foundation walls; Design of Different type of concrete structures including materials and methods; Earthquake resistant design of structures; Design of Masonry Structures

(f) Construction practice, planning and management - Planning, Equipment, Site investigation and Management including Estimation with latest project management tools and network analysis for different type of works: Analysis of Rates of various types of works; Tendering Process and Contract Management, Quality Control, Productivity, Operation Cost, Land acquisition, Labour safety and welfare

(g) Fluid Mechanics, Open channel Flow, pipe Flow - Fluid properties, Dimensional Analysis and Modeling, Fluid dynamics including flow kinematics and dimensional problems, Flow Net, Valves, Boundary layer and Turbulent Flow, Pressure loss and Friction factors, Principles in open channel flow, Flow controls, Hydraulic jump, Surges, Pipe networks

(h) Hydraulic Machines and Hydropower - Various pumps, Air vessels, Hydraulic turbines - types, classifications & performance parameters; Power house classification and layout, Storage, pondage, control of supply

(i) Hydrology and design of hydraulic structure - Hydrological cycle, Ground water hydrology, Well hydrology and related data analysis; Streams and their gauging, River morphology, Flood, drought and their management; Capacity of Reservoirs

(j) Water Resource Engineering - Ground and surface water resource, single and multipurpose projects, storage capacity of reservoirs, reservoir losses, reservoir sedimentation

(l) Waste water engineering - Planning & design of domestic waste water, sewage collection and disposal, Plumbing Systems, Components and layout of sewerage system; Planning & design of Domestic Waste-water disposal system; Sludge management and disposal including sludge recycling and reuse, and industrial effluent industries and its utilization in agricultural and industrial sewage management

(m) Solid waste management - Sources & classification of solid wastes along with planning & disposal of its management system, Disposal system, Beneficial aspects of wastes and Utilization by Civil Engineers

(n) Environmental Engineering and Green Building - Concepts & general methodology

(o) Soil Mechanics - Soil exploration - planning & methods, Properties of soil, classification, various tests and inter-relations; Permeability S-Soil, Compressibility, consolidation and Shearing resistance, Earth pressure theories and their application, Sub-grade classification, Properties of Geotechnical materials

(p) Foundation Engineering - Type of foundations & selection criteria, bearing capacity, settlement analysis, design and testing of shallow & deep foundations; Slope stabilization methods, Ramas and Earth retaining structures: types, analysis and design, Principles of ground modifications

(q) Surveying - Classification of surveys, various methodologies, instruments, analysis & measurement of distances, elevation and directions, Field astronomy, Global positioning System, Photogrammetry, Land surveying, land registration concepts; Survey Layout for culverts, canals, bridges, road/trail alignment and buildings, Setting out of Curves

(r) Transportation Engineering, Highways - Planning & construction methodology, Alignment and geometric design, Traffic Surveys and Controls, Principles of Flexible and Rigid pavements design, Tunnelling - Alignment, methods of construction, disposal of muck, drainage, lighting and ventilation, Railways (including Highways & Bridges) - Geotechnical and construction aspects, Roadway & modernisation. Harbours - Terminalogy, layouts and planning. Airports - Layout, planning & design

(s) Solar Energy and other types of renewable energy - Concepts & general methodology

Prepare your layout plans & building drawings - (Plan, elevation, section) Candidates who qualify written exam will be shortlisted for documentation/DMU

Note:- Only those candidates who have qualified in Paper-I & II as the qualifying marks prescribed/determined by the CRPF.
APPENDIX II

Medicinal Guidelines: MEDICINAL GUIDELINES FOR REFRACTION

The purpose of medicinal standards is to ensure that medically fit candidates, accepted into the Central Police Force of the Union of India, are fitted with vision correctors at various degrees of accuracy, so that their vision is not impaired. The following guidelines are provided for this purpose:

1. Refusal to undergo medical examination at any stage or absenting oneself from the same will render the candidate unfit.
2. A declaration is to be given by candidates in Annexure-II which will be provided to candidates at the time of examination. Examination regarding fitness for duty will be taken on advice if any of the following conditions exist: a person found to be illiterate, suffering from any disease, or presence of diseases and treatment taken, if any, evidence of which is not readily obtainable during the medical examination. Any false declaration in this aspect, discovered later at any stage, will result in the candidate being declared unfit for the purpose.
3. At some stages of medical examination male candidates will be required to be examined in rude. Cloth is to be permitted except for, when genitalia and certain other organs are to be examined.
4. The final decision of fitness/unfitness in weight will be decided by the medical board at the time of MET based on the height and age chart on the date of MET and, as per the height measured by the PST Board & as per guidelines for the same.
5. For all female candidates- Urine test for pregnancy. (The urine test for pregnancy to be done before a female candidate is subjected to CXR. If UPT is positive, guidelines are as under: A) Female candidates are to be followed. B) The practice of engraving / tattooing in India is prevalent since time immemorial, but has been limited to depiction of name or a religious figure, invariably on inner aspect of forearm and rarely on lower limbs. On the other hand the present young generation is considerably under the influence of western culture and thus the number of potential recruits bearing skin art had grown enormously over the years, which is not only distressful but drastic from good order and discipline in the force.

Following criteria are to be used to determine permissibility of tattoo:

a) Content- being a secular country, the religious sentiments of our countrymen are to be respected and thus tattoos depicting religious symbol or figure and the names of sacred deities in Indian language must be avoided.

b) Location- tattoos marked on traditional sites of the body like inner aspect of

process and direct recruitment. In case of officers direct recruitment is made normally in Scale I, II and III. 

Written examination: 

For the office assistant (multipurpose) and officers in scale-I posts, graduates in all disciplines are eligible. However for help (scale II) preference is given to degree holders in Agriculture, Horticulture, Forestry, Animal Husbandry, Veterinary Science, Agricultural Engineering, Food Technology, Agricultural Marketing and Cooperation. Information Technology, Management, Law, Economics or Accountancy. Also required is proficiency in local language as prescribed by the participating RRB. Working knowledge of Computer is desirable. Officers in scale II are known to have had some graduates who had passed graduation with minimum 50% marks and should possess experience of 2 years or more in a bank or financial institution. Experience for officers in scale III (senior manager), requirements are same as that for scale II but the experience requirement is of minimum five years. Subject preference applies to scale II and III. For specialist officers’ posts like chartered accountant marketing officer, treasury manager, agricultural officer and law officer relevant qualifications are required with 1 or 2 years’ experience as prescribed. 

One may apply for multiple positions subject to restrictions prescribed. 

How the selection process works: 

Applicants for the posts of office assistant (multipurpose) and officers in scale-I, will have to first appear in a preliminary examination. The test for office assistants will include reasoning and numerical ability with 40 questions in each. For scale I the test shall comprise of reasoning and quantitative aptitude each with 40 questions. In both the cases this paper is to be attempted in 45 minutes.

On the basis of performance in preliminary examination, candidates are called for main examination in which sections of reasoning, computer knowledge, their fundamentals. In English and Hindi language are found in examinations for both the positions with section of numerical ability for assistant grade and quantitative aptitude for scale I office. Candidates can choose any one from English and Hindi language section. Successful candidates in main examination are called for interview. There is no interview for the post of assistants. For other merit shall be determined by adding marks obtained in the main examination and interview. 

Test description: 

Quantitative Aptitude: 

This section will comprise of data interpretation, which is easier to deal with. You need to read a graph and then answer the questions. You should have a good command over topics such as profit and loss, discount, partnership, time and work, time and distance etc. 

Reasoning: 

In this section a candidate will find questions on seating arrangement, blood relations, syllogism, coding-decoding, alphabet arrangement/ rearrangement, puzzle and syllogism etc. 

In the questions of reasoning you’ll have to derive your logic from the stated information and not from the general perception. 

Computer Knowledge: 

Some of the questions in this segment are general and some may be specific. You may expect questions relating to operating systems, open source, Microsoft word, Power point, Excel, internet networking, information security etc. A few questions may be on shortcut key combinations. This section may be easily prepared with information available on Internet. 

English/Hindi: 

The language section has a choice for the candidate to take either English or Hindi. Whichever language you choose, you need to be fluent in the respective vocabulary and grammar. Pattern for both the languages is almost similar. There will be comprehension in which you’ll be required to answer para based questions. Then you’ll have to find mistakes if any) in part) of sentences, arrange sentences in a meaningful order; answer questions on missing words, synonyms, antonyms, fill in the blanks, choose correct sentences from a set etc. 

General Awareness: 

There is no defined syllabus for the general awareness section but you should make as comprehensive preparation as possible. Some questions may relate to important events (summits, sports, awards etc.), famous personalities, authors, scientist, countries (their capital and cities). You need to be a regular reader of national newspaper, it would be better if you make diary notes of important events. Review may be thought of in case of one or two questions where you’ve seriously doubted about the right answer. If you’re uncertain, just choose the answer. Otherwise it’ll be better if you mark your options considering them to be right. 

As there is no interview for the position of assistants, your scoring high in the main examination can be instrumental in your selection. 

While preparing for the exam you should focus on what exactly is taught in the book. In every section the nature of questions are different, the number of options and difficulty of the questions are different. 

Then you’ll have options like True or False, for example format of questions in language section and reasoning section will differ significantly. 

Most of the questions will be in the format which one is certain about the answer. You’re not required to find the answer which is true or correct. Also in few questions you may have to find the X or Y among other options. These questions require extra care in answering. 

Numerical Ability: 

As the term suggests this section will contain all calculations to numbers. You’ll have question relating to addition, subtraction, multiplication, division, percentage, ratio, fraction etc. In most of the cases you’ll be required to make multiple operation in a single question. You need to have thorough command of basic mathematical formulae and BODMAS. 

For numerical ability your preparation may be based on an arithmetic book prescribed for SSC/IBPS/CSIE/CSE/State/any other boards. 

General preparation strategies: 

Candidates should first understand the test pattern and type of questions that will be asked. For this they should go through the previous years question papers. There hasn’t been any significant changes in the examinations pattern in past couple of years. Candidates objectively need to assess which are their strong or weak areas. 

For example someone may be good in quantitative aptitude but weak in reasoning. To clearly understand where you lack - Is it because you don’t understand the concepts or you lack practice because of no/less exposure to particular test or type of questions? This assessment should be the foundation of creating your work/ study plan. Of course, weaker segments will require more time for preparation.

The new government—an alliance of leftists, centrists and right-wing parties, as well as an Arab party—has 27 ministers, nine of them women.

NATO expands defence clause to include ‘attacks in space’
NATO leaders have expanded the use of their all for one, one for all, mutual defence clause to include attacks in space. Article 5 of NATO’s founding treaty states that an attack on any one of the 30 allies will be considered an attack on them all. Until now, it applied only to more traditional military attacks on land, sea, or in the air, and more recently in cyberspace. In a summit statement on June 14, the leaders said they “consider that attacks to, from, or within space present a challenge to the security of the Alliance and could threaten national and Euro-Atlantic prosperity, security, and stability, and could be as harmful to modern societies as a conventional attack”.

Weightlifter Mirabai Chanu qualifies for Tokyo Olympics in women’s 49-kg category
Weightlifting champion Mirabai Chanu has qualified for the Tokyo Olympics in the women’s 49-kg category. The International Weightlifting Federation (IWF) announced that Chanu has qualified on the basis of her world ranking points. The 26-year-old is placed second on the Absolute Ranking list issued by the IWF in the women’s 49-kg category. The former world champion was earlier ranked 4th. However, North Korea’s withdrawal from Tokyo 2020 propelled Chanu to the second spot. With this, Chanu has become the only Indian weightlifter to qualify for the Tokyo Games.

Djokovic clinches his 2nd French Open Men’s Singles title
World No.1 Novak Djokovic clinched his second French Open Men’s Singles title, beating world No. 5 Stefanos Tsitsipas 6-7 (6-4), 2-6, 6-3, 6-4 at Roland-Garros Park. With the win, the Serbian tennis player has become the first man in the Open era, and third overall, to win all four Grand Slams twice. Djokovic has also increased his Grand Slam tally to 19 titles, and is now one adrift of the Men’s record held by Roger Federer and Rafael Nadal. In the Women’s Singles, unseeded Czech Barbora Krejcikova beat Russian Anastasia Pavlyuchenkova to win her maiden Grand Slam. Krejcikova also lifted the Doubles trophy with compatriot Katerina Siniakova, beating Iga Swiatek and Bethanie Mattek-Sands 6-4, 6-2. With this, Krejcikova has become the first player to win both the Women’s Singles and Doubles title in Paris since French Mary Pierce completed the feat in 2000.
