A passage is given with 5 questions following it. Read the passage carefully and choose the best answer to each question out of the four alternatives.

More than a million people immigrate to the United States to start new lives every year, and if they are arriving in New York, one of the first sights that they will see is the Statue of Liberty. The Statue of Liberty stands on Liberty Island, near Manhattan in New York. Though she is often thought to be resident of New York, Liberty Island is actually federal property, which means that the Statue of Liberty belongs to the whole country. The Statue of Liberty is not only the tallest statue in America, it is also one of the most recognizable American symbols.

The Statue of Liberty is huge. From the tip of the torch to the pedestal on which she stands, she is just over 151 feet tall. If you include the pedestal in your measurement, she stands more than 305 feet off of the ground. That's more than 30 basketball hoops or an entire football field. Her waist size is 35 feet, which would make it awfully tough to find pants, and the tablet she holds is 23 feet long. Don't worry though; she hasn't had any trouble holding that tablet yet with her 8 foot index finger. Talk about heavy handed...

Though America financed and built the pedestal on which the Statue of Liberty stands, the statue itself was a gift from France. In this way the complete work, much like the United States, is a product of both American and French contributions. At one time America was ruled by the British. The founding fathers of America chose to fight against Great Britain for the independence of their country. France supported America by providing money, men, and weapons of war. Had it not been for French contributions during the Revolutionary War, America would not exist in the way that it does today; therefore, it is quite fitting that the Statue of Liberty, which represents freedom, came to being by a joint American and French effort. On October 28th, 1886, just over one-hundred years after America declared its independence from Great Britain, the Statue of Liberty was completed and dedicated by its designer, Frédéric Auguste Bartholdi.

अब मानव प्रहरियों का स्थान बहुत हद तक यांत्रिक प्रहरियों ने ले लिया है जो मानव से कहीं अधिक सजग, त्रुटिहीन और क्षमतावान् हैं। आधुनिक प्रहरियों में रेडार, सौनार, लौरान, शौरान आदि विशेष उल्लेखनीय हैं। यहाँ रेडार का वर्णन किया जाता है।

रेडार का उपयोग द्वितीय विश्वयुद्ध में प्रारंभ हुआ। 'रेडार' शब्द 'रेडियो डिटेक्शन एंड रेंजिंग' के प्रथम अक्षरों से बना है। इसका अर्थ यह भी है कि किसी भी रेडार से एक निश्चित क्षेत्र के अंदर ही वायुयान की स्थिति ज्ञात की जा सकती है।

**Comprehension:**

A passage is given with 5 questions following it. Read the passage carefully and choose the best answer to each question out of the four alternatives.

There are five types of health — physical, mental, familial, social and spiritual. The first four contribute towards the fifth, spiritual health. This doesn't mean that a physically healthy person is spiritually healthy as well. But an unhealthy body soon weakens the mind, and a mind full of negativity breaks the spiritual connection.

**Physical Health:** Treat this body as a temple of God. Care for it without attachment. Physical care includes healthy diet, enough rest, good fitness, freedom from addictions and avoiding unnecessary travel.

**Diet** means refraining from eating that which harms your mental and spiritual health, and eating in moderation; overeating makes you lazy, sleepy and indulgent.

**Rest** well, according to your health requirement. Sleep deprivation makes you irritable, short-tempered, intolerant, and a fault-finder. When well-rested, you can remain fresh, peaceful and cheerful.

**Fitness** should become your lifestyle, not a mood. When you neglect your health for money, you end up spending money for regaining health. Exercising is not just for overweight people. Good physical fitness keeps you cheerful and improves your mental health, too. An hour-long brisk walk takes care of your physical, mental and spiritual health. Freedom from addiction is another important aspect to take care of.

**Unnecessary travel** adversely impacts your health. In cricket, you score only by running between the wickets and not by running around the field. Making the right decisions will impact your mental, familial, and spiritual health.

**SubQuestion No : 11**

**Q.11** Find a word from the passage which is the antonym of "unbigoted".

- Ans**
- ☒ 1. adversely

**Comprehension:**

A passage is given with 5 questions following it. Read the passage carefully and choose the best answer to each question out of the four alternatives.

There are five types of health — physical, mental, familial, social and spiritual. The first four contribute towards the fifth, spiritual health. This doesn't mean that a physically healthy person is spiritually healthy as well. But an unhealthy body soon weakens the mind, and a mind full of negativity breaks the spiritual connection.

Physical Health: Treat this body as a temple of God. Care for it without attachment. Physical care includes healthy diet, enough rest, good fitness, freedom from addictions and avoiding unnecessary travel.

Diet means refraining from eating that which harms your mental and spiritual health, and eating in moderation; overeating makes you lazy, sleepy and indulgent.

Rest well, according to your health requirement. Sleep deprivation makes you irritable, short-tempered, intolerant, and a fault-finder. When well-rested, you can remain fresh, peaceful and cheerful.

Fitness should become your lifestyle, not a mood. When you neglect your health for money, you end up spending money for regaining health. Exercising is not just for overweight people. Good physical fitness keeps you cheerful and improves your mental health, too. An hour-long brisk walk takes care of your physical, mental and spiritual health. Freedom from addiction is another important aspect to take care of.

Whoso list to hunt, I know where is an hind,  
But as for me, hélas, I may no more.  
The vain travail hath wearied me so sore,  
I am of them that farthest cometh behind.  
Yet may I by no means my wearied mind  
Draw from the deer, but as she fleeth afore  
Fainting I follow. I leave off therefore,  
Sithens in a net I seek to hold the wind.  
Who list her hunt, I put him out of doubt,  
As well as I may spend his time in vain.  
And graven with diamonds in letters plain  
There is written, her fair neck round about:  
Noli me tangere, for Caesar's I am,  
And wild for to hold, though I seem tame.
