Expenditure, during the pandemic, it is estimated that TDOVA plummeted by as much as 93.9 percent in Q1 of 2020-21 over its level in the same quarter of previous year. It picked up slightly to post a fall of 79.5 percent in Q2 and that of 64.3 percent in Q3. (iii) A significant number of jobs were lost in the tourism sector once the lockdown was implemented. 14.5 million jobs in Q1, 9.2 million during Q2 and 1.8 million jobs during Q3 are expected to have been lost.

Replying to a query in the Lok Sabha during the Monsoon Session of the Parliament, Minister for Tourism Shri G Krishan Reddy said that in order to address the effects of COVID-19 pandemic on the tourism sector, Government of India has taken a number of measures.

Fiscal and Relief Measures
- Under the AtmaNirbhar Bharat Package, Rs. 3 lakh crore collateral-free automatic loan has been made available for MSMEs. The loan will have 4-year tenure and 12-month moratorium.

The COVID-19 pandemic has adversely affected almost every sector of the economy, with travel and tourism being the worst affected. During most of 2020 and first half of 2021, lockdown and travel restrictions were in place, forcing people to forego vacations and avoid tours. But now, with gradual easing of restrictions, travel and tourism is recuperating. In the month of August 2021 travel bookings reportedly spiked across the country with the promise of more in the coming months. Experts see this as a revival of the tourism business.

Tourism from a nation’s perspective is a job creator, wealth enhancer and foreign exchange earner. This is the reason why most countries, including ours, give so much of attention to growth of tourism.

In terms of size, India is among the top ten countries, but we attract lesser number of foreign tourists than many smaller nations like Singapore and Thailand etc., simply because for a long time we did not market our country as a tourist destination and failed to realise its potential in various respects.

Now things are changing for the better. The Government has increased allocation towards tourism related activities and has also roped Indian missions abroad to promote tourism in India. State Governments and Union Territories are also strengthening their tourism infrastructure and bringing up new facilities.

India’s travel and tourism has a bright future for a number of reasons. Important among these are:

- Size and population: India’s huge landmass and large population makes a solid foundation for domestic tourism. The larger the area, more people will travel from one place to the other. Each year huge number of people from the south visit the north and tourists from northern states flock to southern attractions like Kovalam beach, historical city of Mysore etc.

Rich options: India has everything a tourist may want to experience.It has mountains, beaches, deserts, wildlife, historical monuments, etc. There are both summer and winter destinations with options like adventure, wellness cruise and sports tourism. One may choose to go for a religious tour, village tour, tour of historical places or a combination of one’s choice.

Now, the country has also gained repute as a major destination for medical tourism in Asia.

Lower Cost: In comparison to developed countries like the US, Australia and Europe etc., travel and stay costs are much less in our country. For travellers on stringent budget, India offers an

It is true that the British ruled our country for over two centuries but it is also a fact that the people of our country were never able to accept their rule. The dissent against British rule took expression in one way or the other from the very beginning. By mid-19th century sparks of revolt against British domination had become visible and in 1857 they flared up and took the form of the war of Indian Independence. It is also called a mutiny. It was an armed revolt but it did not succeed. In this freedom struggle, great patriots like Rani Lakshmibai of Jhansi, Nana Saheb, Tatyale Tope fought under Bahadur Shah Zafar’s leadership. About half a century later a non-violent movement against British rule started under Mahatma Gandhi’s leadership. The Indian National Congress played a prominent role in it. Along with this a parallel resistance movement had also begun. Those who joined it felt that the non-violent movement was not enough. They thought it necessary to take up arms against the British. In this movement martyrs such as Chandrashhekhwar Azad, Ram Prasad ‘Bismil’, Ashfaqullah Khan, Batukeshwar Dutt etc. took an active part and sacrificed their lives for the country. These revolutionaries from time to time wrote letters to their parents, brothers, sisters, friends and comrades. Publication Division’s book titled “REMEMBER US ONCE IN A WHILE... Letters of Martyrs” is a collection of their letters which inspire us with their intense feeling.

**UNSUNG HEROES**

**BATUKESHWAR DATTA**

Bhagat Singh and Batukeshwar Datta planned to undertake a hunger strike to seek improvement in the treatment of political prisoners.

Batukeshwar Datta wrote the following letter to the Superintendent, Lahore Jail, giving him notice of the hunger strike.

The Superintendent,  
Central Jail, Lahore.  
June 17, 1929

I wish to inform you and senior officers that being a political prisoner I can demand the following facilities:

Following the bomb throwing in the assembly Lord Irwin had said in his last speech “these bombs have not been hurted at a person but at an institution.” Middleton in his judgement has also referred “These men (Datta and Bhagat Singh) came to the court raising slogans Inquilab Zindabad (long live revolution), Savarhara Zindabad (long live proletariat) etc. which made it clear what was their political thinking. In order to stop the spread of these thoughts I sentence them to life imprisonment.”

Once again I want to say that when a European out of selfishness violated the law, he is provided all kinds of facilities in the jail. He will get an airy room, best meal (milk, butter, bread, meat etc.) and good clothes. But these facilities are not being provided to us, the political prisoners. The comments of Lord Irwin and Mr. Middleton are enough to prove that we are political prisoners and on this basis I demand that we should be treated as political prisoners. I must get a good meal necessary for the health of a man.

Besides, I should also get literature and newspapers for deliberating on political matters. People call us haughty, wayward and impatient youth. We should, therefore, be given opportunity to read different books so as to enable us to see if we are really impatient and wayward young men or not and whether our thinking about our task is right or not. My demands are the following:

1. Good meal - milk and bread in the morning, pulses, rice, ghee, vegetables and sugar in noon and bread, meat and chutney in the night.
2. Should not be asked to do physical labour.
3. Newspapers and literature of all types.
4. Bathing (facility) with soap, oil, comb and a barber.
5. Good lodging.
6. Own clothes.

All these things were provided to me at the expense of the jail before and after the sentence was pronounced. But these things are not being provided here. That is why I have gone on a hunger strike since June 14, 1929. For these reasons my associate Bhagat Singh is also on a hunger strike in Mirzapur Jail. I won’t give up my hunger strike as long as the government does not accept our demands.

I hope to receive a reply soon. I am ready to discuss the matter with any officer.

ROAD TO REVIVAL OF TOURISM SECTOR ...

- The Government has launched Emergency Credit Line Guarantee Scheme (ECLGS) to support eligible Micro, Small and Medium Enterprises (MSMEs) and business enterprises in meeting their operational liabilities and restoring their business. The scope of the scheme has been enlarged with introduction of ECLGS 3.0 to cover business enterprises in Hospitality, Travel & Tourism and Leisure & Sporting sectors.

- Under the new loan guarantee scheme for COVID-affected sectors, working capital/personal loans will be provided to enterprises in tourism sector to discharge liabilities and restart after being impacted due to COVID-19. The scheme will cover 10,700 regional level tourist guides recognised by the Ministry of Tourism and tourist guides recognised by the State Governments and Travel and Tourism Stakeholders (TTS) recognized by the Ministry of Tourism. TTS will be eligible to get a loan up to Rs. 10 lakh each while tourist guides can avail loan up to Rs. 1 lakh each. There will be no processing charges, waiving off foreclosure prepayment charges and no requirement of additional collateral.

The Scheme is being administered by the Ministry of Tourism through NGCTIC (National Credit Guarantee Trustee Company Ltd.).

- In June this year, the Finance Ministry announced release of SEIS (Service Exports from India Scheme) sscs for 2019-20. Considering the circumstances after COVID-19, the Department of Expenditure, Ministry of Finance, agreed to the proposal of the Department of Commerce for continuation of SEIS for 2019-20 with a financial allocation of Rs. 2,061 crore. The SEIS offers incentives to registered service providers with transitional duty credit as a percentage of their net foreign exchange earnings. These SEIS credits can be used by service providers to pay several central duties and taxes, including the basic customs duty. SEIS credits are currently given to tour operators on their forex earnings.

- The Central Government also gave relief to the tourism industry from various regulatory compliances under Income Tax Act, companies Act and GST Act for varying period in the wake of COVID-19 crisis to ensure business continuity and survival.

- The GRT also extended moratorium on term loans till December 31, 2020.

- Once visa issuance is restarted, the first 5 lakh Tourist Visas will be issued free of charge. The benefit of free of charge visa will be available only once per tourist during the issuance of the first 5 lakh tourist visas (free of charge visa). The scheme will be applicable till March 31, 2022 or till 5,00,000 visas are issued, whichever is earlier.

- Further, the Ministry of Tourism has issued modified guidelines for Recognition of Tourism Service Providers which became effective from January 2021. As per the modified guidelines, category of ‘Greenhoot’ Start-up Agencies is being introduced for the first time. It is in keeping with the policy of the Government for encouraging Start-Ups and will also further the cause of ‘AtmaNirbhar India’.

- With an aim to incentivize stakeholders in the Tourism industry, the Guidelines for the Scheme of Market Development Assistance (MDA) for providing financial support to stakeholders for the promotion of Domestic Tourism have been modified to enhance the scope and reach of the scheme, so as to provide maximum benefits to the stakeholders.

- Additionally, promotion activities have been incorporated including online promotions and the extent of financial assistance permissible has been enhanced.

- Validity of approval or certifications of hotels and other accommodation units whose project approval/appraisal and classification/classications have expired/were likely to expire, has been extended up to September 30, 2021.

- Recognition of Travel Agents, Tour Operators, Transport Operators by the Ministry of Tourism has been extended automatically by six months.

- Those who have submitted applications for recognition by the Ministry have been given provisional recognition for six months, pending completion of required procedures.

The above moves are expected to immensely help the stakeholders in the tourism sector by providing them much required liquidity to gear up for the operations in near future. Similarly, it is also expected to provide much needed relief to the government approved tourist guides who have been affected by the ongoing slowdown in the sector due to the pandemic.

Operational Recommendations

- Meanwhile, Standard Operating Procedures (SOPs) and guidelines for safe resumption of business with easing of lockdown restrictions have been issued for various segments of the travel and hospitality industry and circulated amongst all stakeholders.

- With a view to prepare for a post-COVID-19 revival, the Ministry of Tourism has formulated and issued detailed operational guidelines for COVID-19 safety in Hotel and Resorts, Dining, Bars, Cafes, Restaurants, B&Bs/Homestays and Tourism Service Providers to facilitate smooth resumption of business.

- An initiative called SAATHI (System for Assessment, Awareness & Training for Hospitality Industry) has been developed. The Ministry of Tourism has partnered with the Quality Council of India to implement this initiative. The initiative aims to ensure safety and health of employees and guests, identify vulnerable areas and bring in a system which needs to be plugged; help the hospitality unit in complying with the COVID-19 related regulatory requirements, and ensuring continuity in operations.

Capacity Building for Service Providers

In addition to various fiscal and relief measures to support the tourism sector from the COVID-19 pandemic, the Ministry of Tourism has also taken steps to increase the opportunities of employment in tourism sector. The Ministry has put in place the Scheme of ‘Capacity Building for Service Providers’ (CBSP) to provide education, training and certification to the tourism service providers at every level. The main objectives of this scheme are to train and up-grade manpower at every strata of service and to provide professional expertise to the local populace as well as to create employable capacity in the tourism sector both in urban and rural areas. Presently, the programmes being conducted under the CBSP Scheme are - Shubha Gupta, General Manager

2. Natang Monoliths, Meghalaya

The Natang district of Meghalaya have a history more than 150 years. It was their main seat till 1925 when Maharaja Hari Singh moved to the Hari Niwas Palace in the northern part of Jammu. The palace is built in a manner that resembles both Rajasthani and Mughal architecture. The palace includes the Mughal style architecture is captivating and a blend of Rajasthani, Mughal and European styles.

3. Shettihalli Church, Karnataka

Rosary Church or Shettihalli Church was built about 160 years ago by the Europeans in the Shettihalli village, along the banks of the River Hemavathi. Later on, a dam was built by the government which caused flooding and today, during the monsoon season, the church is simply a great extent and creates an illusion of a floating monument. The church reflects the French Gothic style of architecture. The church is a place where people come to see the church and to enjoy the view of the river next to it.

9. Chausath Yogini Temple, Orchha

The circular open-roofed temple is one of the four surviving temples in India of the Yogini cult which flourished in the country from the 9th century AD to 13th century AD. The temple located 15 kilometres from Bhunabaswar at a hamlet called Hirpur was built in the 9th century AD and has been attributed to Queen Harivati, mother of King Subhakar Dev II of the Bhunabaswar dynasty. The Yogini cult practiced yoga along with tantrism. The object of worship was usually a Chauki or Wheel which had sixty four spokes, hence the name (Chausath) translates to sixty four in Odia). The presiding deity is Goddess Kali. The circular open air structure is a stark departure from the traditional form of temple architecture in Orchha. This may have been necessitated by the fact that the cult worshipped the five elements—air, water, fire, earth and ether or sky. The Yoginis are carved out of black stone and are depicted riding their vhanas (mounts).

10. Undavali Caves, Andhra Pradesh

The Undavali Caves date back to the 7th century BC and are prime examples of rock-cut architecture. The caves are about 5 kilometres from Vjayavada and offer a unique perspective into ancient religious practices. The caves are carved out of sandstone on the side of a hill. While there are many caves, the largest is the one that is most popular for its huge monument of Lord Vishnu in the reclining posture. The main cave is a prime example of Gupta architecture style, which concentrated on primitive rock-cut monastery cells.

ROAD TO REVIVAL OF TOURISM SECTOR...

including wellness and adventure tourism, as well as investment into the industry through schemes, such as PRASHAD and Swadesh Darshan. Further, the Ministry of Tourism has outlined policies to support new tourism products such as development and promotion of caravans and caravan camping parks. The Ministry of Road Transport and Highways has introduced a new scheme-At Ind India Tourist Vehicles Authorisation and Permit Rules, 2021. Through this scheme, a tourist vehicle operator can receive an ‘All India Tourist Authorisation/Permit’ online within 30 days of submitting an application.

Thrust on Domestic Tourism

India has a robust domestic market which could soften the impact as compared with nations that rely largely on international tourists. At least 24 million Indian tourists travel abroad each year and spend an estimated $25 billion. Given the international travel restrictions in place, the government has taken the opportunity to retain these high-spending tourists by incentivizing domestic travel. Critical to the success of this would be to allay the anxieties of tourists by ensuring that robust protocols for safety and hygiene are in place.

The Ministry of Tourism launched the Dekho Apna Desh initiative in January 2020 with the objective of creating awareness among the citizens about the rich heritage, culture, lesser known destinations, local destination of the country to promote domestic tourism. This initiative in line with Independence Day address of the Honourable Prime Minister asking every citizen to visit at least 15 destinations by the year 2022. Under this initiative, Tourism Ministry is carrying out promotional activities like webinars, online pledge and quiz programmes to generate awareness among the public about the country and its tourism destinations/products including lesser known destinations, heritage, culture local tourism destinations, etc. Dekho Apna Desh initiative is being promoted extensively on social media accounts and website of the Ministry and by Domestic India Tourism offices. The field offices of Ministry of Tourism across India have undertaken various promotional activities with the objective of showcasing the tourism potential of the country and raising awareness regarding local tourism and promoting local religious and non-religious spots to the tourists coming from both outside and within the state. Road shows are being held at a number of locations to promote domestic tourism. Concerted efforts are being made in creating awareness on protocols of safety and security among the tourists as well as service providers in terms of India being safe destination to travel in post-COVID scenario.

Leveraging Rural income through Tourism

The COVID-19-induced lockdown in India was a huge economic shock. It started across the country on March 24, 2020 and is still ongoing with restrictions in one form or other. It stalled the economy with complete closure imposed on enterprises across all sectors. Even though agricultural activities were exempted, in the initial phases of lockdown the agriculture value chain also faced large-scale disruptions. This had a serious detrimental effect on the rural economy. The coronavirus pandemic has also triggered a massive reverse migration from the urban to rural areas in large parts of the country. Considering the unique role tourism plays in providing livelihood opportunities outside big cities while preserving cultural and natural heritage of the country, Rural Tourism has been identified as one of the niche tourism areas for development. With this, the Government plans to implement a comprehensive strategy to encourage rural tourism in India under the Atma Nirbhar Bharat to revive the economy. Minister for Tourism Shri G Kishan Reddy told the Parliament on 15th July this year that the Ministry of Tourism has been actively working on promotion and development of this niche area tourism. The Ministry of Tourism has accordingly formulated a Draft National Strategy and Roadmap for Development of Rural Tourism in India—on initiative towards Atma Nirbhar Bharat. Driven by the spirit of ‘Vocal for Local’, rural tourism can contribute significantly to the mission of Atma Nirbhar Bharat, in order to develop rural tourism in the country, the strategy focuses on the following key pillars:

- Model policies and best practices for rural tourism
- Digital technologies and platforms for rural tourism
- Developing clusters for rural tourism
- Marketing support for rural tourism
- Capacity building of stakeholders
- Governance and Institutional Framework
- Draft National Strategy and Roadmap for Development of Rural Tourism in India focuses on generating income and jobs in rural areas and empowers local communities, youth and women, fulfilling the vision of AatmaNirbhar Bharat.

Travel and tourism sector is one of the key contributors to Indian economy, and the government is taking proactive measures to help the industry navigate the COVID-related challenges. These measures are expected to infuse the required liquidity to support operations in near-term. It will also support Government-approved tourist guides, who have been hit by the ongoing slowdown in the sector amid the pandemic and will help the sector to achieve the projected GDP contribution of Rs. 12.68 trillion by 2028.

Centre hikes financial support for establishment of Ayush Colleges

The government has increased the financial support from nine crore to 70 crore rupees to ensure more Ayush Colleges are opened across the country. Union Minister Sarbananda Sonowal said that the Indian traditional medicine systems can only be popularised by making available more qualified practitioners. The Minister also announced the starting of a Panchakarma Technician course affiliated to Health Sector Skill Council - National Skill Development Corporation at Central Ayurveda Research Institute (CARI), Guwahati, to produce skilled manpower for Panchakarma therapy in the Northeastern region and enhance the employment opportunities in this part of the country. For the first time, a conference focusing on students and their career choices and the potential of start-ups in the sector was organized by the Ministry of Ayush with a special focus on education, entrepreneurship and employment in Northeastern states.

Medicines from the Sky project launched in Telangana

Union Minister for Civil Aviation Jyotiraditya Scindia has launched the Medicines from the Sky project to send medicines to Primary Health Care Centres (PHCs) using drones. With this, life-saving drugs, vaccines and blood can easily be transported to places, beating traffic and other hurdles. The project was launched at Vikarabad in Telangana. Drones carry a payload of vaccines and other medicines to Public Health Centers under the project. The first sortie was carried out by a drone built by SkyAir Mobility for its Consortium partner Blue Dart Express and delivered a five-lb box of vaccines to a community Health Care Center located 3 kms away. The ‘Medicine from the Sky’ project is an initiative of the Government of Telangana led by the emerging technologies wing of state IT department in association with World Economic Forum, NITI Aayog, and HealthNet Global.

US, UK, Australia form new security partnership for Indo-Pacific

The US, UK and Australia have announced the formation of AUKUS - a new tri-lateral security partnership for Indo-Pacific region. The first project of AUKUS will be to help Australia acquire a nuclear-powered conventionally-armed submarine fleet. AUKUS along with the Quad (Quadrilateral Security Dialogue), that includes India, are more than likely to be seen as counterparts to China's growing muscle-flexing in the Indo-Pacific region.

New government announced in Lebanon with Najib Mikati as PM

A new government has been announced in Lebanon over a year after the previous administration quit following the devastating Beirut port explosion. Najib Mikati has become the Prime Minister, a position he has held twice before. His appointment, along with the naming of a new cabinet, ends months of political paralysis; it comes as Lebanon grapples with some of the severest domestic crises it has faced in its history. Lebanon had been without a proper functioning government since then-Prime Minister Hassan Diab resigned days after a massive blast on 4th of August last year destroyed Beirut port and the surrounding area. The explosion, caused by improperly stored ammonium nitrate, killed 203 people, injured at least 6,000 others and left billions of dollars of damage.

Centre announces major reforms in Telecom sector

The Cabinet has approved a number of structural and process reforms in the Telecom sector. These are expected to protect and generate employment opportunities, promote healthy competition, protect interests of consumers, infuse liquidity, encourage investment and reduce burden on Telecom Service Providers. The reforms measures will further boost the proliferation and penetration of broadband and telecom connectivity. Electronics and IT Minister Ashwini Vaishnaw said that the package is also expected to boost 4G proliferation, infuse liquidity and create an enabling environment for investment in 5G networks. Moreover, 100% Foreign Direct Investment (FDI) under automatic route has been permitted in Telecom Sector to encourage investment. The tenure of the spectrum auctions has been increased from 20 to 30 years.

PLI for automobile, drone industries to enable best technologies

The Centre has approved the PLI Scheme for Automobile Industry and Drone Industry with a budgetary outlay of Rs. 20,086 crore. The PLI Scheme for the auto sector aims to overcome the cost disadvantages to the industry for manufacture of Advanced Automotive Technology products. It is estimated that over a period of three years, the PLI Scheme for Automobile and Auto Components Industry will lead to fresh investment of over Rs. 42,500 crore, incremental production of over Rs. 2.3 lakh crore and will create additional employment opportunities of over 7.6 lakh jobs. Further this will increase India’s share in global automotive trade. The PLI Scheme for the Drones and Drone Components Industry addresses the strategic, tactical and operational uses of this revolutionary technology. A product specific PLI scheme for drones with clear revenue targets and focus on domestic value addition is key to building capacity and making these key drivers of India’s growth strategies. The PLI for Drones and Drone Components Industry, will over a period of three years, lead to investments worth Rs. 5,000 crore, increase in eligible sales of Rs. 1,600 crore and create additional employment of about 10,000 jobs.

Private manufacturing firms’ sales soar 75% in Q1 of FY 21-22

The Reserve Bank of India released data on the performance of the private industries during the first quarter of the current financial year. Data says, sales of manufacturing companies have registered massive growth of 75 per cent which was 41.1% in the same quarter of last financial year. RBI said, all the major sectors recorded high growth during the quarter. Sales of IT companies increased by 17.5 per cent as compared to 6.4 per cent last year. To meet sales demand, companies have increased their capital expenditure on raw material. Rise in sales has also impacted positively on profits of these companies and high growth is reported in profit of IT and non IT companies. As per RBI, Operating Profit Margin remained stable for manufacturing and IT companies during the quarter, but it moderated for the non IT services companies.

Harmlan Kaur sets national record in 1500m sprint

Punjab’s Harmlan Kaur Bains stole the thunder from the sprinters by breaking Sunita Rani's long-standing national record in the 1,500 metres on the second day of the 60th National Open Athletics Championships in the Jawaharlal Nehru Stadium in Hamamkonda in Telangana. Delhi’s K. M. Chanda narrowly shadowed Harmlan until the Punjab runner sped away at the bell to win by a sizable margin. Harmlan remains undefeated in eight national-level 1,500 metres races since January 2020. Naresh Kumar from Andhra Pradesh and Delhi’s Tanveer Deep Kaur took the honours as the fastest male and female athlete of the meet by winning the 100 metres dash.
